OUR OFFICE IS PROUD TO OFFER

DIGITAL EYE HEALTH & WELLNESS TESTING

This state-of-the-art computerized scan is the highest standard of care and can detect preventable diseases that can impair your vision or cause blindness.

Our doctor recommends this testing for anyone who has a personal history or family history of the following:

- Glaucoma
- Macular Degeneration
- Flashes of Light
- Recent Increase in Floaters or Spots
- Diabetes
- High Blood Pressure
- Post- Lasik
- Plaquenil or Hydroxychloroquine use
- Multiple Sclerosis
- Unexplained Vision Loss

Routine Vision insurance does not typically cover this service. If you accept this test with your eye exam today the fee is \$35.00
